

COURT CONDUCT

Talk quietly when standing near tennis courts that are in use.

Don't walk across the back of another court until the players have finished playing a point. This can be distracting to them and affect their play.

If people are using your court, don't disturb them until their time is up.

When you're ready to play, put jackets, water bottles, and any other items you have with you out of everyone's way.

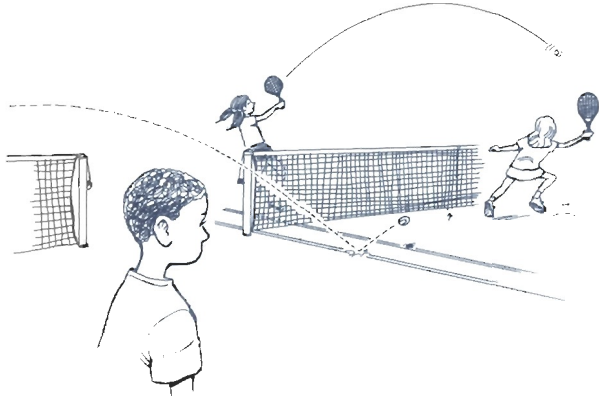

Keep a positive outlook throughout the match. Remember, you're playing for the fun of it.

Keep the game moving. Don't stall and waste time between points. Accept all calls made by your opponent—without arguing or sulking.

Don't distract your opponent on purpose by unnecessary movements or talking.

If your ball goes into the next court, wait until the players on that court finish the point before you ask for the ball. If a ball comes onto your court, return it as soon as play has stopped on both courts.

40 LOVE 30 - 15 **30 LOVE** 30 LOVE

If there is a disagreement on the score, go back to the last score that you both agree on, or spin a racquet. Both players must accept the score put forward by the person who wins the racquet spin.

After the last point, come to the net quickly and shake hands. Let your opponent know that you appreciated the match, no matter what the outcome. If you and your opponent follow the rules of tennis and treat each other with respect, you'll both get the most enjoyment from the game, regardless of who wins.

PLAYERS ONLY ON COURT

To preserve our court surface, we ask that players only enter the court area. Parents and guests are invited to watch the matches from outside the fence. Shade will be provided in the parking lot area, and benches are available around all the courts. You may bring your own lawn chair if you wish.
